

2000 EAST RECONSTRUCTION

FROM PARLEY'S CANYON BOULEVARD TO CITY LIMITS (2930 SOUTH)

JUNE 22, 2020

WORK ACTIVITIES

- Last week, crews completed installing a new sewer line along the southwest area of the project limits, near the Millcreek City boundary.
- Crews continue to replace the aging water line between 2700 South and Stratford Avenue. The new water line is expected to be operational by mid-July.
- Crews will begin installing a new storm drain and water line this week on the north end of the project limits, between 2700 South and Parley's Canyon Boulevard. This installation is expected to continue through the end of June.
- After the installation of the water line and storm drain, crews will pulverize the north end of the project limits. This is scheduled to begin in early July.

SAFETY

- Please follow the posted **25 mph** posted speed limit and instructions from flaggers and equipment operators on the field to help us maintain a safe construction zone.
- People biking can now use the regular travel lanes, so please remember to share the road.
- If you need additional information or special accommodations during these construction activities, please let us know using the contact information below.

**The project schedule is subject to change due to weather or unforeseen circumstances.*
